Dear doctoral degrees team at George Washington University,

I would like to inquire when is the date when the doctoral program - in ***Business with an Information Systems and Technology Management Area Focus*** - opens for new applications.

Upon a successful admission to the program I would like to pursue a dissertation on the following topic:

"Applications of data science for business analytics in the areas of trade and working capital."

Including a copy of my latest resume for your reference.

Best regards,
Desislava Miteva Nikolova
Senior IT Business Analyst
